

## Basketball Rules

Players cannot double dribble, make contact or travel with the ball.  
Grabbing the ball from an opponent isn't allowed.  
Players can 'slap' the ball from an opponent's hands if 'the opportunity is presented' to them.

Each basket scored is worth 2 points  
If contact is made during a shot then a free throw will be given. 1 shot given worth 2 points

Every basket scored the opposing team need to be back to half court (if the team with the ball decide to play before the team have retreated play will continue). Call infringements will be played from the nearest side or end line. If the ball hits the back wall this will be deemed out of play. This is also the same for any of the basket surround (not the back board).
